

# Opening Options for the Plateau Rooflight

## 1. Manual – Within Hand Reach

Manual opening operation requires the operator to be able to reach the cill of the rooflight once it is installed. You can purchase a hand winder from the options below.

**Option J –**  
Chrome Plated hand winder 150mm £33

**Option B -**  
Chrome Plated hand winder 300mm £38

**Option A –**Brass hand winder 150mm £38

**Option E –** Brass hand winder 300mm £43

**Option W –**  
Anodised aluminium wheel on Chrome Plated hand winder 150mm £48

**Option Y –**  
Black wheel on brass hand winder 150mm £48

## 3. Motorised

You may wish to motorise the opening of the roof window(s). We offer a number of different motors which are installed at the cill of the roof window. You can purchase a motor and a switch from the options below.

**Option AU-Max Electric Linear actuator** 230v 300mm £150

**Option MAC Motor** 230v, 24v 150mm only £175

**Option Super-master Motor** 230v, v24v 450 mm £235

**Switch** £39.50

## 2. Manual – Out of Hand Reach

If the operator will be unable to reach the cill of the rooflight when it is installed you may wish to choose the manual 'out of hand reach' option. This will require you to purchase a winding pole and a winding crank from the options below.

**Option L –**  
Chrome Plated Pole Winder 150mm £32

**Option C –**  
Chrome Plated Pole Winder 300mm £38

**Option K –** Brass Pole Winder 150mm £38

**Option D –** Brass Pole Winder 300mm £43

**Option F –**Aluminium 1m length pole £28

**Option G –** Aluminium 1.5m length pole £33

**Option H –** Aluminium 2m length pole £38

**Option I –** Aluminium 1.75m – 30 length pole £43

**Option T –** Anodised Pole Winder 500mm £78

## 4. Fixed Shut

The Plateau Rooflight can be fixed shut. You can purchase a fixing bracket for £5. Please note that due to their size some of the Plateau Rooflights will require more than one fixing bracket. The fixing bracket is white as standard although other RAL colours are available.
